

Hawaii State Department of Education

Concussion Management Program and Study for School Year _____

The Hawaii State Department of Education (DOE) and the Athletic Health Care Trainers' (AHCT) program have instituted a Concussion Management Program (CMP) to ensure student athletes return to athletic participation safely. CMP has aligned the AHCT program with the National Athletic Trainers' Association Position Statement, 2004¹; the Consensus Statement on Concussion in Sport, 2009²; and the National Federation of State High School Association (NFHS) Concussion Guidelines, 2009³. The National Athletic Trainers' Association Position Statement, Consensus Statement on Concussion in Sport, and the NFHS Association Concussion Guidelines were developed by physicians, neuropsychologists, and AHCTs trained in concussion management. The NFHS Association established a new rule in the fall of 2010, ***“any player who shows signs, symptoms or behaviors associated with a concussion must be removed from the game and shall not return to play until cleared by an appropriate health-care professional.”***⁴

To comply with the NFHS Association rule change and national guidelines, the DOE and AHCT program have instituted the following guidelines for all student athletes participating in collision and contact sports. All ninth and eleventh grade student athletes participating in collision and contact sports along with tenth and twelfth grade student athletes participating in collision and contact sports for the first time will be administered baseline assessments (described below) which will provide the high school AHCT and the student athletes' primary care physician with objective information to compare pre-and-post injury.

- Graded Symptom Checklist baseline assessment
- Cognitive status baseline assessment (Immediate Post-Concussion Assessment and Cognitive Test (ImPACT) or Standard Assessment of Concussion (SAC))
- Postural Stability baseline assessment

A student athlete with a possible concussion, will receive two forms: (1) ***Graded Symptom Checklist for Concussed Athlete*** (GSC List) and (2) ***Medical Referral Form for Concussed Athlete***. The GSC List form provides your child's symptoms at the time of injury. It also includes signs and symptoms to watch for and recovery recommendations. The medical referral form provides information for your child's physician regarding his/her head injury and recommendations for return to activity. After a student athlete takes the cognitive status assessments, the AHCT will collaborate with the student athlete's physician and/or a neuropsychologist to determine if the student athlete is ready to start a **Return to Activity Plan** (see below). This team approach ensures the health and safety of each concussed student athlete.

Return to Activity Plan (RAP):

- Step 1. Complete cognitive rest. This may include staying home from school or limiting school hours and study for several days which would be determined by a physician and AHCT, and supported by school administration. Activities requiring concentration and attention may worsen symptoms and delay recovery.
- Step 2. Return to school full time.
- Steps 3-7. Will be supervised by the high school AHCT and is subject to clearance by the treating physician. These steps cannot begin until cleared by the treating physician for further activity.

(Each STEP is separated by a minimum of at least 24 hours.)

- Step 3. Light exercise. Walking or riding a stationary bike.
- Step 4. Running in the gym or on the field.
- Step 5. Non-contact training drills in full equipment. Weight training can begin.
- Step 6. Full contact practice or training.
- Step 7. Play in game.

The AHCT program will continually monitor its CMP to ensure the health and safety of Hawaii's student athletes. To assist the AHCT program in its CMP monitoring, the DOE will be conducting a study to ensure CMP quality.

By signing below, you acknowledge receipt of information about the DOE's CMP and the signs and symptoms of a concussion.

Concussion Management Study (Voluntary)

Participation in this school year's Concussion Management Study is strictly voluntary and your child will not be penalized if he/she elects not to participate. By agreeing to participate in this study, your student athlete's concussion data will be included in the study. The Concussed student athlete's injury will be managed whether he/she participates or not in this study. Personal identification information will not be disclosed and will be destroyed at the end of the study.

**STUDENT PARTICIPATION AND PARENT/LEGAL GUARDIAN
 CONSENT, RELEASE, AND ASSUMPTION OF RISK FORM**

This consent, release, and assumption of risk agreement is made and entered into by and between _____, Minor Student
 born _____, Birthdate _____, and _____, Parent/Legal Guardian of Minor Student
 and the Department of Education, an agency of the State of Hawaii, this _____ day of _____, 20 _____.

OR

This consent, release, and assumption of risk agreement is made and entered into by and between _____, Adult Student
 (i.e. Adult student is 18 years old or older at the time of this agreement), born _____, Birthdate _____, and the Department of Education,
 an agency of the State of Hawaii, this _____ day of _____, 20 _____.

WITNESSETH

WHEREAS _____, Student _____ is a minor or an adult student (hereafter referred to as "student") attending
 _____, School _____.

WHEREAS, student is a member of the school's _____, Sport _____ interscholastic athletic team;

WHEREAS we, the student & parent/legal guardian, understand that competition in interscholastic athletics activities is entirely voluntary on our part. We fully understand that we must comply with the rules and regulations of the Department, League, and the Hawaii High School Athletic Association (HHSAA);

WHEREAS, student has been evaluated by the athletic staff of the school as well as by student's physician or therapist and has been informed of the risks associated with his/her participation in interscholastic athletic competition;

WHEREAS, student and parent/legal guardian have been apprised that no protective equipment can prevent head, neck, brain, or other bodily injury that may result from athletic competition;

WHEREAS, student and parent/legal guardian acknowledge that equipment such as football helmets must not be used to butt, spear or ram opposing players and to do so is a violation of the rules of the game and can result in serious injury to self and others; and,

WHEREAS, student and parent/legal guardian, after having been informed of the risks to student, affirm that student has had full disclosure of the risks involved explained to student by the Department of Education, understand the risks, and agree to assume those risks as their own and make this decision as their own free will and not by coercion or influence from anyone.

NOW, THEREFORE, based upon the above understanding, student, for himself/herself, his/her heirs, executors, administrators and assigns, and, _____, Parent/Legal Guardian of Minor Student as parent/legal guardian of student, hereby acknowledge that they have been

apprised of the risks inherent in student's participation in interscholastic athletic competition, which could result in serious bodily injury and even death, and hereby consent to the participation of student in such athletic activity and competition, agree to assume these risks as their own and hereby release the Department of Education, State of Hawaii, its officials and agents of any and all claims and liabilities whatsoever from or by reason of any athletic injury to student, while participating as a member of the _____, Sport _____ interscholastic athletic team in sports activities that are sanctioned by the HHSAA, including travel.

WHEREAS, student and parent/legal guardian understand that the Department of Education strongly recommends that the student have medical/health insurance coverage prior to participating in interscholastic sports activities and further understand that all insurance and medical costs related to any injury are the sole responsibility of the parent/legal guardian. The Department of Education will NOT assume and is NOT responsible for any of these costs.

The student and parent/legal guardian further consent to allow the student to travel as a team member in local, interisland and out-of-state athletic events. The student and parent/legal guardian further authorize the school officials through a certified athletic health care trainer (AHCT), qualified coach/staff, or a physician as may be determined by school officials, to provide any emergency care and/or follow-up medical treatment that may be deemed by school officials to be necessary for the student in the course of such athletic practice, competition or travel.

The student and parent/legal guardian further consent and authorize the school's AHCT to provide appropriate therapeutic modalities in order to return student to athletic competition, such care to be conducted under the direction of a physician. Rev. 5/13, RS 13-1288 (Rev. of RS 12-0988)

The student and parent/legal guardian further consent and authorize the school's AHCT to administer baseline and/or post injury concussion management assessment in order to manage a concussion or suspected head trauma, such care to be conducted under the direction of a physician.

The student and parent/legal guardian hereby consent to the release of medical information by the physician to the school for purposes of allowing the school to obtain information regarding the medical history, records of injury or surgery, serious illness, and rehabilitation results of the student from his/her physician(s). We understand that the purpose of this request for medical information is to assist the school in the management or rehabilitation of an injury/illness. This information is normally confidential and except as provided in this release will not be otherwise released by the parties in charge of the information. This release shall remain valid until revoked by the adult student or parent/legal guardian in writing.

The student and parent/legal guardian expressly agree that this assumption of risk and release agreement is intended to be as broad and inclusive in favor of the State of Hawaii as permitted by the laws of the State of Hawaii and that if any provision herein is held to be invalid, it is agreed that the remaining provisions shall, notwithstanding, continue in full force and effect.

The parties understand and agree that this agreement is made with full knowledge of the facts and legal implications of entering into such an agreement and they further agree that this agreement contains the entire agreement between the parties, hereto, and that the terms of this agreement are contractual and not mere recitals.

The laws of the State of Hawaii shall control this agreement.

IN WITNESS WHEREOF, the parties hereby execute this agreement, effective the date first indicated in this agreement.
